THE STRATEGY

Canspan BMG took a creative approach to **The Elf on the Shelf's** 2019 marketing, deploying channel specific targeted digital advertising campaigns on **Facebook, Instagram, Youtube, Google** and **Amazon**.

A media relations and influencer marketing program was run alongside the media program. **Canspan BMG** also used retail partnerships and cross-promotions to bring the brand to life in stores.

Canspan BMG worked with retail partners to bring fun family events to brick and mortar retailers. Featuring a National Scavenger Hunt game across all **Toys"R"Us** stores in Canada, these events included mascots of the Elf, photo ops, arts and crafts, prizes and contests for kids and families. The Elf mascot also made appearances at Indigo and **Michael's** stores.

THE STORY

The Elf on the Shelf: A Christmas Tradition is a children's picture book and doll set, which tells the story of how Santa Claus comes to learn who is naughty, or nice. This book encourages parents to uniquely display the included Elf doll in creative ways around the house each day.

THE CHALLENGE

As **The Elf on the Shelf** is a well-known brand, **Canspan BMG's** challenge was to continue to build on the popularity of the line in creative and fun ways that tap into the spirit of the season and the magic of the brand.
